

BOAD

**BANQUE OUEST AFRICAINE
DE DÉVELOPPEMENT**

To the Executive Secretary of the United Nations Framework Convention on Climate Change (UNFCCC) secretariat in Bonn, Germany

To the Executive Director of the UN Environment in Nairobi, Kenya

In joining the United Nations system and other public and private actors around the globe to quickly and effectively implement the Paris Agreement and accelerate the transformative change needed to reach greenhouse gas (GHG) emission neutrality (i.e. climate neutrality) in the second half of the twenty-first century,

I am pleased to confirm that **The West African Development Bank (BOAD)** will **continue to** strive towards becoming GHG emission neutral (climate neutral).

In signing this pledge I also commit my organization to **continue to** undertake the following in becoming GHG emission neutral:

1. Measure our greenhouse gas emissions;
2. Reduce as much greenhouse gas emissions through own action as possible;
3. Compensate any remaining greenhouse gas emissions by offsetting through Certified Emission Reductions (CERs), totally or partially.

BOAD will promote its efforts to achieve climate neutrality among our member states and partners.

BOAD makes this pledge starting from **2023**

Sincerely,

Signature

Lomé
